Theme of 1983 yearbook

new wave

So much of what is carried away with each of us, from our high school experience is captured in a moment remembered, a glance; in a private word that had meaning for that time, in special friendships. All of these are unique to each and cannot be captured in a yearbook theme, however well chosen the title.

This is the reason we have chosen a graphic theme, visually of *today*, "New Wave."

New Wave means *change*, change as exciting as the speed at which technology is changing our concept of life and living.

New Wave focuses on the individual, takes him out of his surroundings; isolates him—connects him, portrays him as a product of a rapidly changing society or as immutable, constant.

dedication:

Ruth Forbes

It is not that we shall never see you again, now that you have retired. For we shall surely see you in Fernandes or Jimmy's or just riding around in that big Cadillac of yours.

But for the first year in many, you were not there in our moments of need . . .

and not just in illness or injury;

but those moments when we needed a little sanity, a little reassurance,
. . .

a moment of escape.

So we dedicate this book of memories to you . . .

for all the times you were our sanity, our reassurance,

for all the times you helped us gain a more liveable perspective, a new direction,

for all the times you simply made us laugh, especially at ourselves,

for all the times you helped us find the strength and the conviction,

for all the times you cared as if we were your own.

We do not need a book to help us remember all those times;

but to let you know that *we do remember;*

and to let you know just how much you are loved and missed

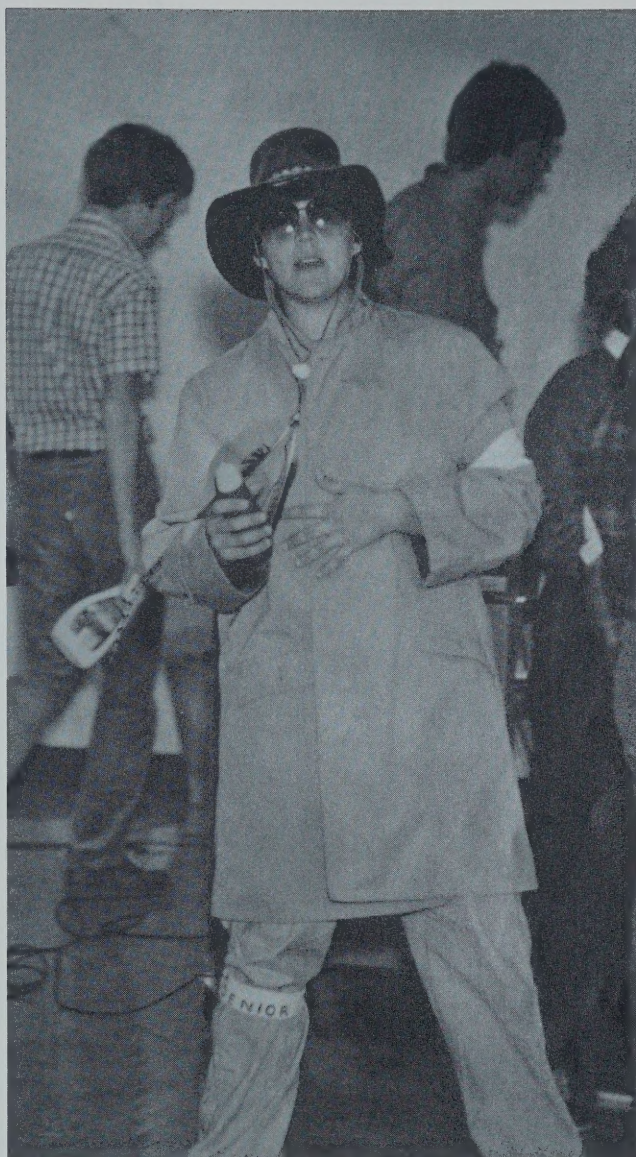

*a new coach;

A Homecoming

A close-up, slightly blurred photograph of a woman with long, wavy blonde hair. She is wearing a dark, possibly black, top. She is holding a silver microphone close to her mouth and appears to be singing or speaking. The background is a solid, bright blue. The lighting is soft, highlighting her hair and the microphone.

Even though deadlines often limit the amount of time in which we can collect pictures and quotes; we did not want to leave out a last minute picture or pet peeve—never to be immortalized in these pages! Nor did we want to include some “terribly cute” photo-not-available cartoon, drawing undue attention to those who did not chose to have a senior portrait taken. So we include, at this point words-without-pictures, pictures and words out of sequence of such classmates. We regret all the mistakes; errors of omission commission, due to lack of space, time, staff, interest, and commitment.

Class of '84

The 1982-83 school year was a busy and profitable one for our class. A successful magazine drive kicked off the fund-raising efforts for the class in September; followed by a likewise profitable candy drive in November.

Shortly after February vacation work began with committee meetings for the Junior Prom/Senior Reception which culminated in a tremendously successful May 27 extravaganza at the Sheraton-Mansfield. Nearly 300 M.H.S. students and friends enjoyed the festivities of the evening marked by the traditional crowning of the King and Queen and the election of 12 Junior class members to the court.

The Granny Award

It started out with just a few students, but grew to enormous proportions... and Mr. Dunn in a Pied-Piper-like fashion would lead willing participants through the annals of sports history and "trivia". You call this trivia?!!

With millions of facts at his fingertips, Mr. Dunn would devise these mind-boglers while hanging up his coat on Fridays. And over the months, the competition grew hot and heavy, our own Mr. Rosa challenging John Myer for the lead. But John prevailed in the end, receiving the coveted "Granny Award."

Few know the true meaning of the title, still fewer, the contents of the box, presented on June 10 in a breath-taking ceremony.

Mr. Dunn has a great deal of first-hand knowledge about both baseball (7 years) and basketball (15 years), as coach of the Mansfield High School team and a sports enthusiast, himself.

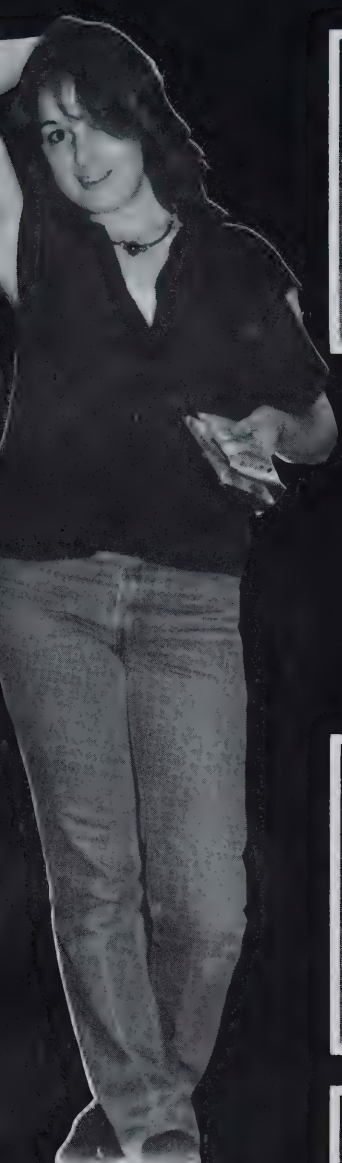

Class of '85

The class of 1985 takes pride in everything it does. Along with our participation in school functions, our class also provides outstanding support for the athletics program and various community events. In the past year, we have grown and matured to become a proud and intelligent group of people. The future is ours, and we are going to make the best of it. *The class of '85 is on its way!*

Class of '86

The class of '86 came in last fall with the usual anxieties and concerns, but it wasn't long before they made their presence felt with their enthusiastic participation in the Homecoming events. The sale of chocolate bunnies at Easter brought a healthy first deposit into the freshman coffers. After a terrific beginning, the freshman look forward to a successful high school career.

Improvement in living style of a society starts with the relationship of one individual to another. The character commitment and attention to omissions, as well as commissions will determine the strength and direction of society. The class of '83 has a great opportunity. Good luck!

"Too laugh often and much; to win respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better; whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded."

*Dear Members of the Class
of 1983*

Having attained your high school diploma, you are about to proceed to another phase of your life. Hopefully, the lessons learned and the knowledge acquired at Mansfield High School will serve as a foundation for your future success.

As the years pass and you recall your days at Mansfield High School, I hope those memories will all be pleasant.

To the Class of 1983

Since this is my seventeenth at Mansfield High School, I certainly have seen changes take place; in curriculum, attitude, morality, and ethics. Success comes to those who can adapt to change, as long as they always keep in their minds and hearts the basic tenets of honesty, truthfulness and personal integrity.

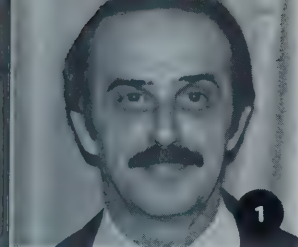

You must make these commitments! "... let it begin with me."

new wave in education

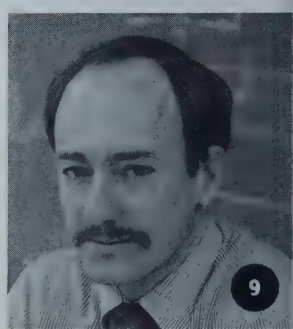

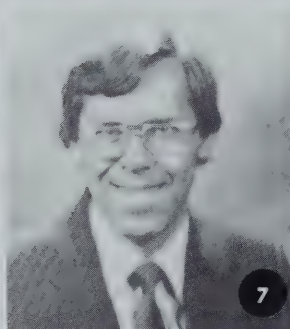

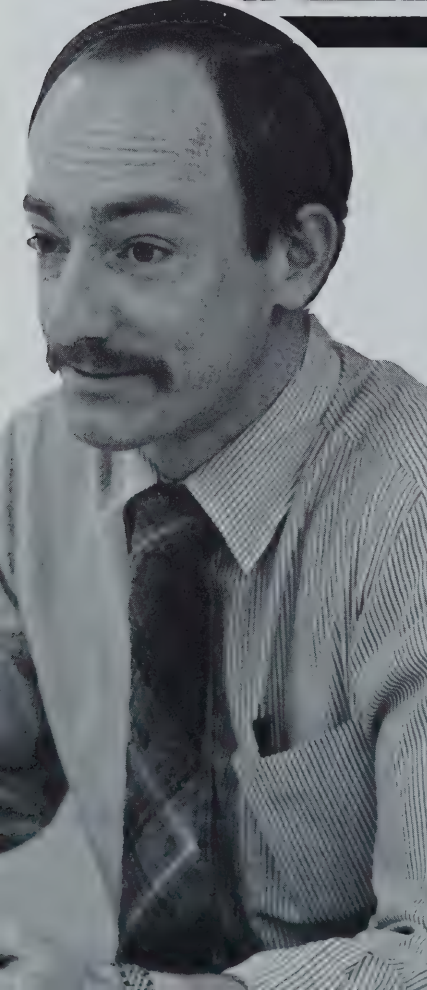

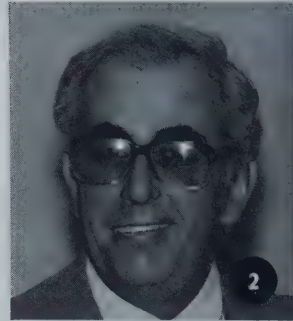

The faculty, staff, and administration were asked *how education, teaching, schools, the educational process, in general, and Mansfield High School, specifically have changed, or how teaching ('administrat-ing') has changed you.*

We are grateful to those teachers who took the time to respond; offer the insight of their experiences and the perspective of their own personalities, both public and private . . . as appreciative as we feel to those who not only teach *from* their knowledge and education, but from the heart (and soul), giving us a glimpse of the kind of adults we are struggling to become—and how that adult responds to and accommodates the world and its changing values and priorities.

The MHS School Store is a venture undertaken by the Student Council. Its aim is to provide materials for the students at a convenient location. The store can provide materials necessary for school needs, as well as a large inventory of sweatshirts, hats, tube socks, t-shirts, books etc. Snacks such as nutrition bars, life savers, potato chips and cookies are also available.

In addition to students, the School Store is available to all parents and teachers. The store is open between 7:30 and 7:45 am every day to facilitate the needs of everyone. The store is staffed by members of the Student Council and is very strongly supported by its advisor, Mrs. Wills. The student Council welcomes everyone to visit and support its school store

an 'apple' a day!

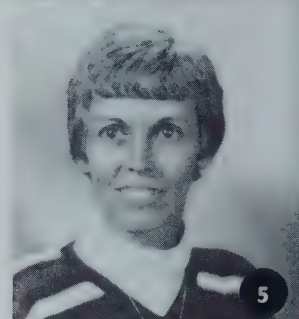

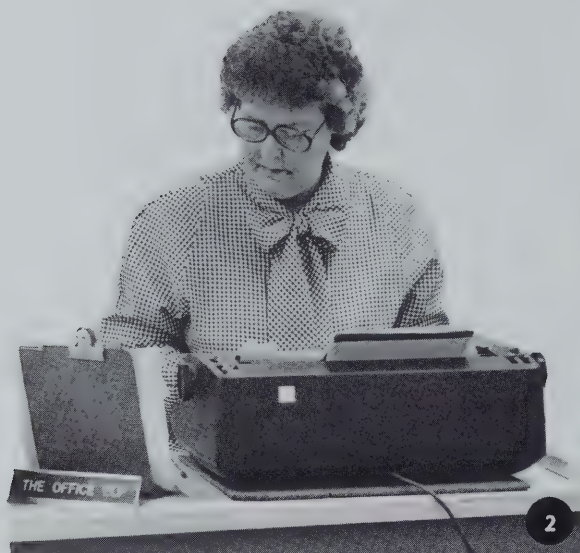

The age of computer technology is becoming more clearly de-
fined. Consequently, teachers in several disciplines have started
to focus their attention on how computers may be used in a
variety of ways to assist in the process of education. Here in
Mansfield, a new direction has been fostered with the purchase of
several micro-computers (Apple II's) and the time sharing termi-
nals which access a large IBM mainframe computer in Canton.
More specifically in Mansfield High School, we have greatly ex-
panded our computer capabilities from the former PDP-8/E mini
computer system which has been used for eight years.

With the acquisition of two Apple II micro-computers and three
time share terminals, a new room has been established in which
all computers are now accessible to students and faculty
throughout the school day as well as after school hours. Due in
part to additional hardware, we have started to expand our
course offerings to include programming courses in FORTRAM,
COBOL, and PASCAL. *We have taken a small but vital step in
establishing a unified and comprehensive program in the field of
computers at MHS.*

Little Hornets

Although faces may change, the Little Hornet Nursery School has become one of the traditions of Mansfield High School. Under the direction of Mrs. Gretchen Maurer-Travers, the nursery school has been in operation for nine years.

There are two sessions with about twenty Mansfield children attending each session. The pre-school lab class develops a curriculum and staffs the nursery school from October through May. The Introductory Child Development Class works in the nursery school, as well, for about ten weeks.

Lessons and activities are designed to promote fine and gross motor control, social skills, and intellectual, physical and emotional development in the children, in addition to helping the MHS student become more aware of issues and concerns pertaining to all Human Growth and Development.

Spanish Exchange

an interview with Mrs. Johnson

The exchange trip to Spain that the Spanish department took was not only the first for many students but also for Mrs. Johnson. The trip consisted of stops to Madrid and Barcelona. However the majority of the trip was spent in Cataluna.

Spain more than met Mrs. Johnson's expectations. The cities were quite modern and the countryside more beautiful than she imagined.

The atmosphere is more relaxed and slower than in America. The day starts later, beginning at 9:00 a.m. and ending at 12:00 p.m.

Spanish Club

The Spanish Club consists of students who are taking Spanish and would like to take part in some additional cultural Spanish experiences. The members hold food sales and have visited a Spanish restaurant. They participate in Foreign Language Week, as well as going to plays, exhibits, and museums.

Mrs. Johnson also had a high opinion of the schools. They visited the "Instituto Pere Vives Vich." The students there were less disciplined but not reckless. The relationship between students and teachers is more relaxed and friendly. Everyone is on a first name basis. The students have an open campus, as well.

One thing she noticed was that the Spanish kids were less self-conscious than the American counterparts. They were more social and tended to travel in groups more than in couples as is usual here.

Something for Nothing

Waiting for the winds of change
to sweep the clouds away.
Waiting for the rainbow's end
to cast its gold your way.
The countless ways
you pass the days,
Waiting for someone to call
and turn your world around.
Looking for the answers to the questions
You have found.
Looking for an open door.
You can't get something for nothing
You don't get freedom for free.
You won't get wise
with sleep still in your eyes.
No matter what your dream might be
What you own is your own kingdom.
What you do is your own glory.
What you love is your own power.
What you live is your own way.

I decided to become yearbook advisor because I was grateful to Mansfield for a new beginning. The students had seemed open and friendly... and attractive in a way students had not seemed at first appearance in my previous teaching assignments. I thought that I would like to get to know more of you. And I knew alot about yearbook production—it was something I could give in return for that which Mansfield had given me.

But here I sit on the 4th of July, just having completed the 1983 Yearbook almost singlehandedly. And much could be said in anger and bitterness.

At this time, I had thought of speaking of those who thoughtlessly placed demands, but not committment or support; of those, in the middle of moments of my being overwhelmed by the amount of work that lay ahead and the general lack of concern from the senior class, who felt that a 15 minute task would be asking them to do "everything;" and of those who mistook their own enthusiasm and presence for responsibility and maturity.

Unfortunately those people have left a far stronger impression than those who did go out for ads, wrote an article, helped when asked, typed (the Senior Section): Michelle LaMarre, Elaine Conroy, Elizabeth Heins, Laurie Clark, Meda Connors, Jayne Nordbeck, Cindy Kay, Irene Grady, Kelly McCormack, Jeanne Jardin, Chris Yu, Debbie Quinlan, Karen Doucette, Mark Eagan... and there were others. The class of '83 owes much to their efforts.

Student Council

Student Council is the organization that represents the whole student body. The Council runs Homecoming: Spirit Week, the Homecoming Rally, the Crowning of the Queen and Court, the parade of the class floats; all the festivities of which end with the Homecoming Dance.

Council members take pride in their school and listen to the ideas and concerns of fellow students. The Council raises money for scholarships given to Seniors and participates in other worthwhile projects throughout the year.

The Council organized an Alcohol Awareness program as a member of *Students Against Drunken Driving (SADD)* during prom and Senior Week.

As a member of SEMASC (Southeastern Massachusetts Association of Student Councils) two Council members represented Mansfield at the State Convention in Hyanis.

ITIES

Despite having a mediocre year, the Math Team managed to stay in contention for first place—last meet of the year found our team in a 3 point deficit for first place.

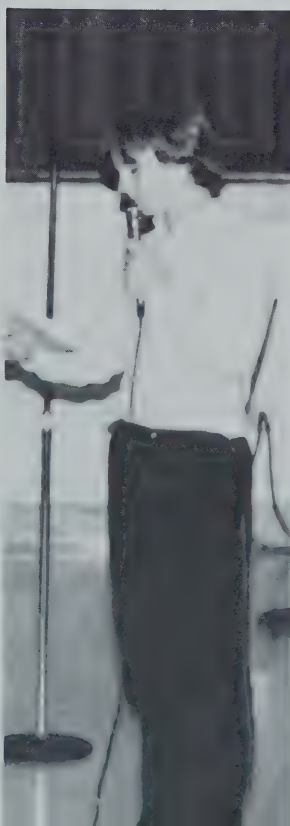

The team, however, put in a superb effort to upset top-seated Sharon High School to secure first place in the league for the second year running.

Top scorers this year were Sophomore Steve Tupaj and Seniors Christine Yu Russ Negus, Co-Captain, Patty Bachman, and John LeLacheur, Co-Captain.

Model Senate

On April 14, 15 Mansfield High School hosted the Model Senate. The Model Senate is a group of students from the surrounding Hockomock schools who meet once a year to practice being a senator.

Mansfield senators Barry Perkins and Matt Griffin proposed a bill in which high school students are given an equivalency test before graduating. This would help minimize illiteracy among high school students. The test would be made up of basic skills.

Other bills debated included one about seat belts in automobiles. In order to pass car inspections every automobile must have seat belts in good working condition. If not there would be a \$200.00 fine.

"It was fun working with the Model Senate", said John Elliott. "I enjoyed arguing with people about different bills." His favorite bill was the industrial tax reform bill.

On the last day of the Model Senate the students gathered in the Auditorium to debate and determine which bills would become laws.

The purpose of the Model Senate is to allow students to experience Democracy in action. As such, it was a big success.

B

AND

Under the direction of Eric Rosen, and with the help of instructors; Kathy Kerrins, Karen Bulger, Debbie Demers, Peter Conti, Neil Smith, and Karen LeBlanc, this year was extremely good for the MANSFIELD HIGH SCHOOL HORNET BAND AND COLOR GUARD.

It actually began in August, '82 at Band Camp, where they all spent five days from 9:00 a.m. to 5:00 p.m. learning new field show and competition drills. September through December was hectic for all involved. There were half-time shows for the football games, as well as competitions—sometimes immediately following the half-time. Sundays started at 8:30 a.m. with practice, then more competition or a parade, and sometimes both.

The Band and Color Guard won many trophies during the year representing all their hard work and dedication. But each member received so much more; respect for themselves and the school they represented; and not just for their performance on the field but for their conduct off the field. And even more important—new friends were made.

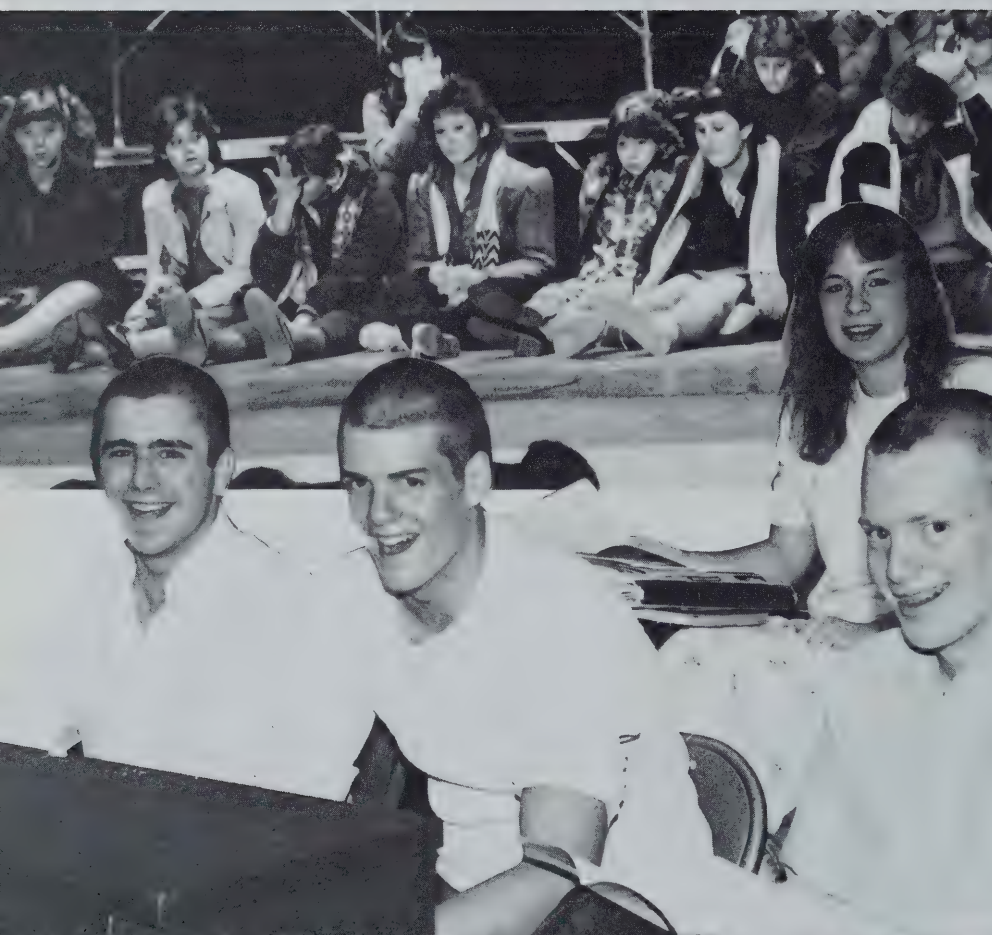

During the winter there were still practices, concerts and still more practices. Then came the highlight of the year; an exchange trip in April to the A.Y. Jackson Secondary School in Toronto, Canada. It was a great learning experience to exchange ideas and compare cultural expectations with kids just like themselves living in a somewhat different "world." It was hard to leave the new friendships. At least there was the excitement of looking forward to their visit here, which was spent visiting local attraction during the day and at parties, group dinners with their host families and performing at an exchange concert here at school. This time the "good-byes" were even harder, for these were good friends who may never see each other again.

Speaking on behalf of the Mansfield Band Parents: "What a wonderful year it has been! It was a year when you march down a street and you heard, 'Look here comes Mansfield, aren't they terrific!' A year when you saw other bands from Connecticut, New Jersey, Rhode Island and Massachusetts applaud you when you marched onto the field. It was a year when a wonderful group of young people showed an enormous amount of pride in themselves, their school, and their town; and made us the proudest group of Band Parents ever. Thanks again, kids!"

Diane Stanchina, Color Guard Advisor
Mansfield Band Parents

CHORUS

"Music

opens the window to the soul. Concert Choir shares their souls with each other and experiences communication and love."

The Concert Choir is an organization of singers who perform inside and outside the Mansfield School System on various occasions throughout the year. Hopeful members must audition to become part of this special group under the direction of Ms. Barbara E. Trombley.

The school year began with preparations for the choir's busiest season, Christmas. Preparations include not only organizing and learning the Christmas songs to be performed, but rehearsing the Annual Christmas Play, cast from the Choir. In December the Choir performed for audiences in various locations; Robinson School, The Catholic Women's Club.

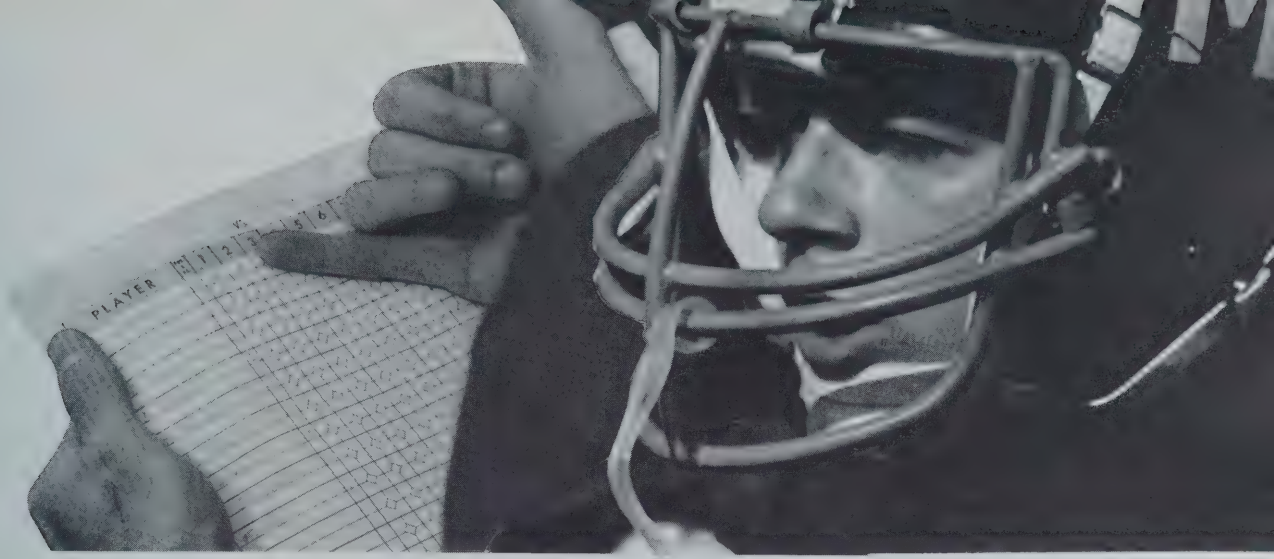

In February, the Choir performed at the Scholastic Arts Awards Ceremony in Fanueil Hall, Boston.

Preparations for the Annual Spring Frolic were then begun culminating in the May 14 performance. And finally, the 1982-1983 Concert Choir sang together for the last time at the Farewell-to-Seniors Banquet/Concert; but this time for themselves and for the special friendships which were formed and nurtured through the year.

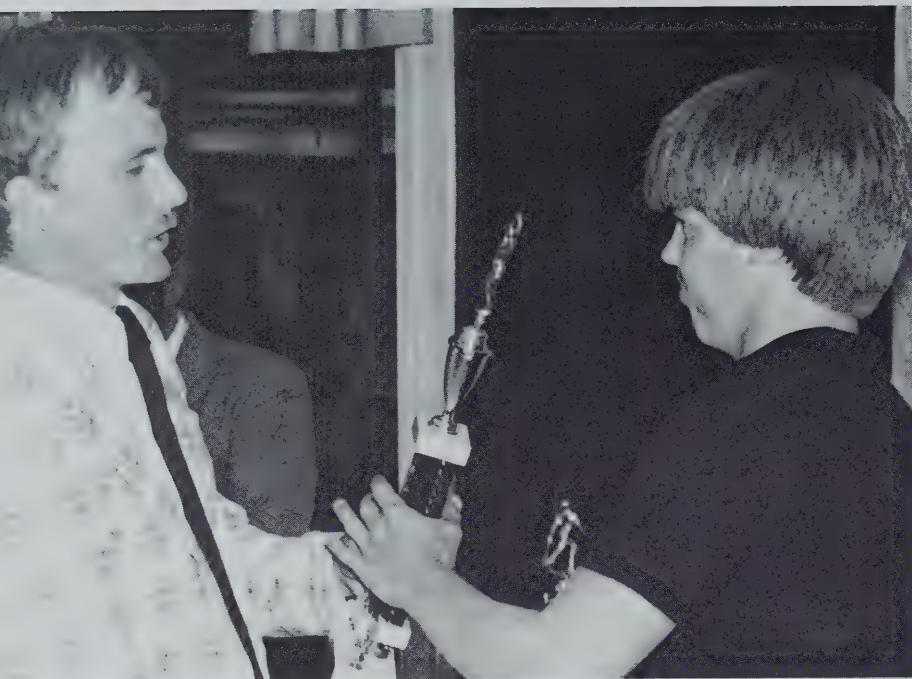

This year's Concert Choir Officers were: Chris Gray, Beth Beaton, Mark Eagen, Stephanie Campbell, Dan Webber, Kristin Darwell, and Brenda Gray.

FOOTBALLFOOTBALLFOOTBALLFOOTBALLFOOT

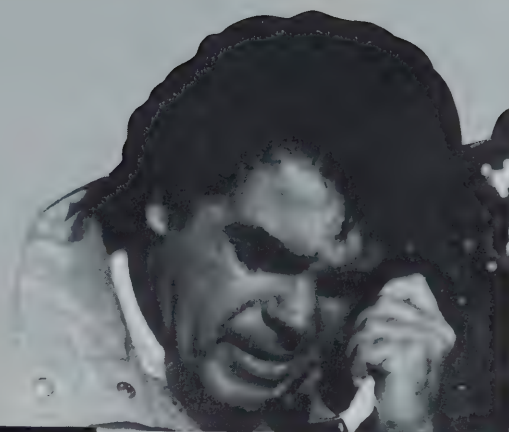

With a record of 3 wins and 7 losses, it would appear as though new head coach, Mr. George Kelly and his varsity football squad had a disappointing season; but this was certainly not the case. The Green Machine proved to be a competitive foe throughout the season and came within a touchdown of victory in three games. Although the team remained competitive, losing can be a harsh reality and it can often bring out the worst in a team. However, as Mansfield was led by a inspirational

coaching staff, the Hornets never lost their love for the game of football. They went into each game as though a championship were riding on it. In that respect, Mansfield did have a very successful season

A final note: four members of the Hornet Squad were named to the area All-Star team. They were Senior, tri-captains Kevin Nordberg, John Cullivan, and Juniors Ray Smith and Ron Sankey, who was also voted the team's most valuable player.

Great Team Play—2nd In League

The 1982 Girls Field Hockey team posted a 17-2-1 record, finishing second in the Hockomock League. The team also advanced to the second round of the Eastern Massachusetts tournament with a victory over Old Rochester. Much can be credited to the team's long association with each other—many of these girls have played together as a team throughout their high school career—and the excellent coaching and training, Laurie Hill and Leda Levine.

Gina DiGiovanni, Theresa DeGirolamo, and Michelle LaMarre were selected to the Hockomock All-Star Team; Most Valuable Player was awarded to Theresa DeGirolamo; Most Improved Player to Kathy Devlin; and a special team award was presented to Gina DiGiovanni.

Cross-Country is a good way to keep in shape states Coach Dan Miller who thoroughly enjoyed his position. This is his second year coaching and sees much improvement in his runners, some of whom have been members of the Cross-Country team three or more years. Laura Schofield was presented with the Most Improved Runner award; Bob Peavey, Bridget Whittington, The Most Valuable Runner; and Mike Kalleta, The Most Dedication Runner.

BASKETBALLBASKETBALLBASKETBALL BASKE

This year's varsity basketball team was a very young group. The team started slowly but by midseason had established itself as one of the most competitive teams in the Hockomock League.

The highlight of the season was the stunning upset of first place Sharon.

With the graduation of sen-

iors Orlando Rivera, Jim Hindman, and high scorer Kevin Murphy, the next year's team will be relying on the core of young players who gained valuable experience this year.

Hector Rivera, Ron Sankey, Mike Anzalone, and Chuck Coffey played very important roles this year in the team's improvement.

BASKETBALL

The girls' basketball team posted one of the best seasons ever. Coached by Leda Levine, many of these girls had been together playing basketball for the three years of their high school career. The team finished the season with an exceptional 16-4 record, second in the league. The hornets, unfortunately however, lost to Oliver Ames in the first round of plays in the State Tournament.

Gina DiGiovanni and Theresa DeGirolamo were named to the All-Hockomock League team. Gina was also selected as the team's most valuable player, while Michelle LaMarre was given the 6th player award.

Although Mr. Russell had a great team to coach this season, Donna, our scorekeeper didn't have too many hits or errors to record. The captains Annette, Gina, and Theresa were as awesome as they had been all year in the other sports in which they had participated. Debbie, Paula, Michelle, and Dana showed off their versatility when they had to switch positions when Dana injured her finger. Julie J. improved over the season and should be a real threat next year.

Although this was an unsatisfying season, next years team will be fabulous with this year's subvarsity record of 13-2.

Spaghetti Supper Freshmen Initiation

SEPT 20

DEC 10

started in September of 1979 as very nervous freshman marching into a crowded gym, under the fire of water pistols and teasing. Many of us rode tricycles, wore diapers and sung nursery rhymes. It was an experience that all of the members of the Class of '83 will always remember; as will the members of the Class

"Now I hear the music: Close my eyes. I am rhythm.
In a flash, it takes hold of my heart.
What a feelin' I can believe in.

I can have it all; Now I am dancin' for my life.
Take your passion; and make it happen.
I've just come alive; Now I'm dancin' right thru my life."

Fundance

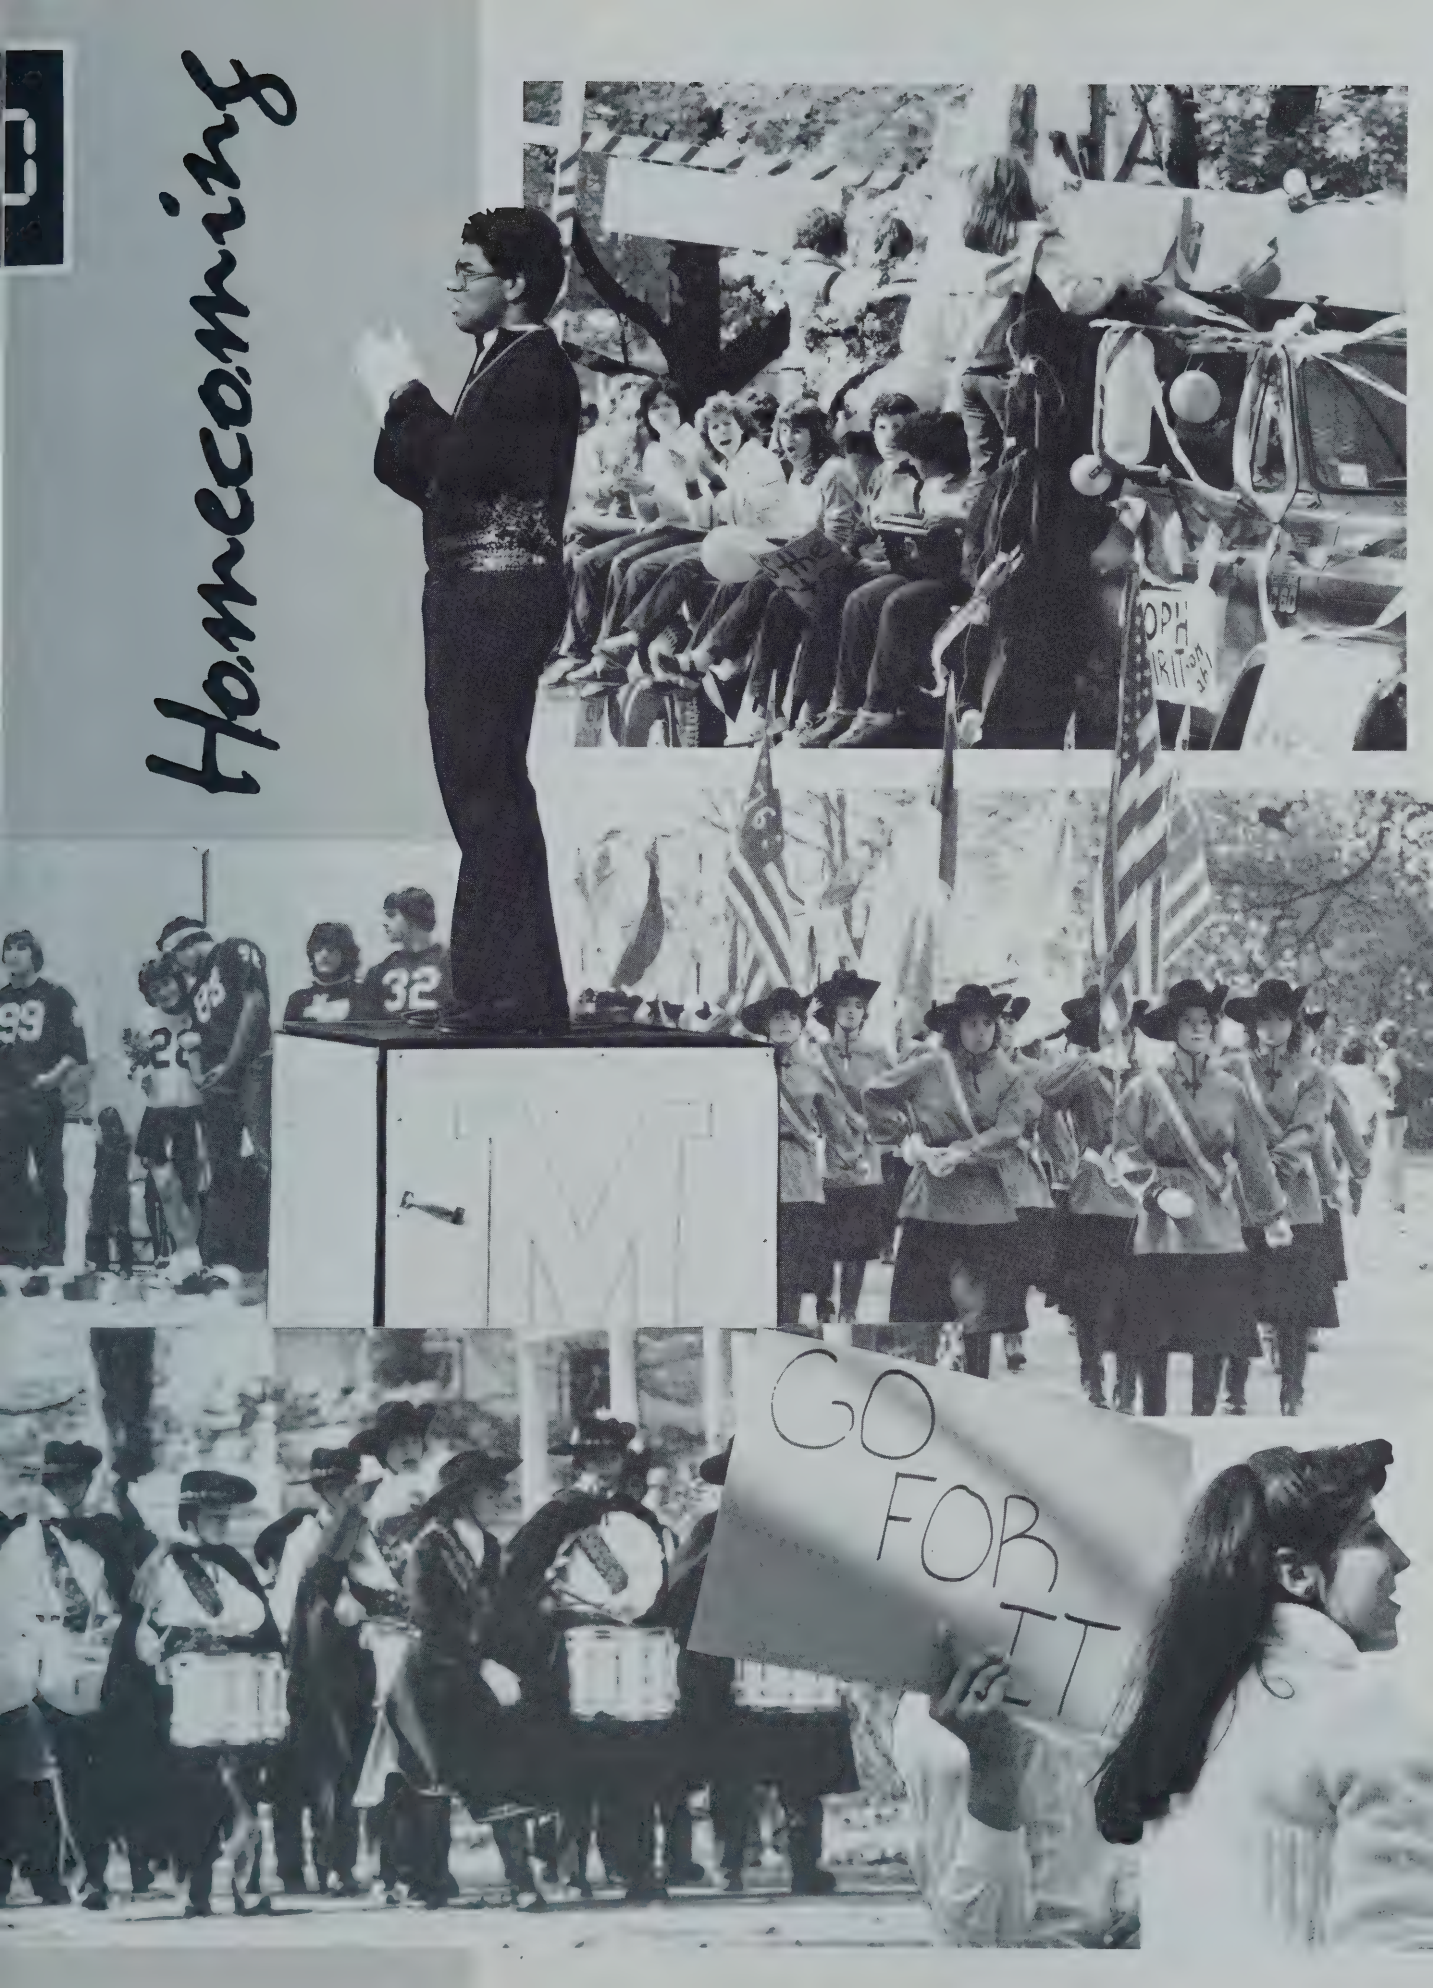

of '86—and we were the ones holding the water pistols this time. Fundraisers played a big part in the evolution of the class. We sold towels, magazines, football shirts. We served spaghetti and tossed salad. We learned that to support a class, you must work. *Karen Doucette*

Humanities Festivals

Humanities is course which is foreign to many students and faculty. We study the past in order to understand the present and become more equipped to deal with the future. Humanities I studies Primitive Man, Egypt, Greece and the Middle Ages. Humanities II studies the Renaissance, the Salem Witch Hysteria, Nineteenth Century Nationalism and the Twentieth and the future. We also learn how to understand ourselves and each other; and how to work with others in today's society. Basically, Humanities is the study of "humans."

The basketball game played between the girls' varsity and the women faculty was a stellar performance on both sides. The women hustled up and down the court, setting up plays, stealing and shooting, but the varsity girls withstood the onslaught in the cool, collected manner they had utilized all year; finally "edging" out the faculty. Rescue squad: John Dillon, Matt Griffin, And Fred Moriarity jumped into the act when an "old age attack" was suffered by one of the women faculty at mid-court. The game between the boys' varsity and the male faculty can best be typified by the famous quote: "Winning isn't everything; it's the only thing." There, however was much fun, and anticipation is high for next year's match.

Fire . . .

When I received the call, I was proofreading your *Ambitions*, *Pet Peeves*, *Quotes*—the call that said there would be no school, not because of snow, though it was January; and it had just snowed heavily; but because some "kids" had set fire to the school.

My room was more heavily hit, because it was directly above the Industrial Arts Room. And when I went there the next day, the room was dark and smokey; there glass everywhere. All the pictures, copy, papers from the yearbook had been blown all over. Many of the pictures had gotten so hot that they were stuck to each other.

The smokey smell of the fire will be there for a very long time.

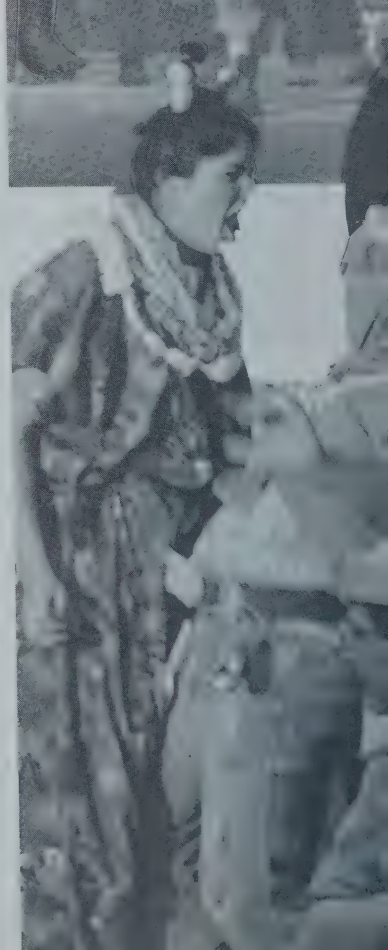

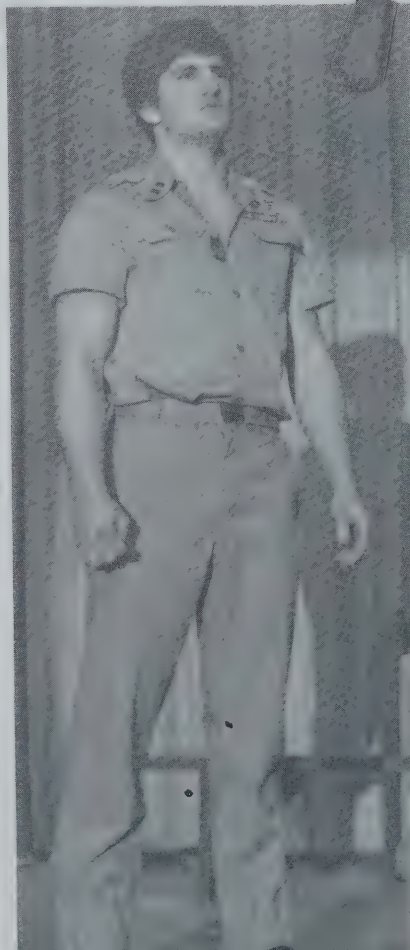

. . . And so in the middle of reading about all your desires for wealth and an easy life, it struck me that here was one happening among many that spoke to the tenuousness of dreams and the wisdom of desiring happiness, friends, personal satisfaction of valuing intellectual curiosity and discovery, love, loyalty which exist within our own abilities; and less at the mercy of senseless acts and the fates.

Student-Faculty Basketball

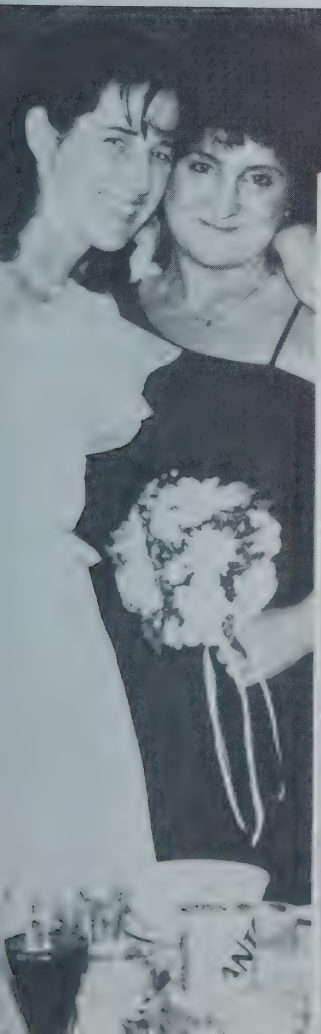

As you all know this year's spring musical was *South Pacific*. But many of you do not know that rehearsals begin two months before you actually see the production. The actors are given scripts. From this point, they must develop their characters. It took time for Emile deBecque to acquire a french accent and for the professor to perfect his penetrating nasal voice. And in the process, a real closeness develops between the members of the cast. "Because so much is put into this group effort, by the time the curtain opens for the first performance, we all feel like a family."

Business

Our business is making your business meetings, seminars and conferences successful.

We do it with specially designed meeting rooms, board rooms and amphitheatres. With audio visual equipment as basic as a tape deck or as sophisticated as video-satellite teleconferencing. With a staff of skilled professionals. And with everything you need for post-meeting relaxation. Like tennis courts, indoor pools and garden restaurants.

We're central to everything in New England. And we're essential to your meeting plans.

None of the men pictured
above finished school.
But as history proclaims,
they all made it.

As a high school graduate,
you've had the benefit
of a good education.
With that advantage,
and your own unique gifts,
perhaps you'll achieve even
more than these great men.

You're off to a good start.

In Appreciation

Mrs. Diane Jackson

We gratefully thank and acknowledge you for all the enthusiasm and tireless effort you have brought to the Class of '83. Much of what we have accomplished, the activities in which we have all participated and enjoyed, we owe to your optimism and your ability to view everything as possible and plausible. We can only hope that we will carry with us some of your "joie de vivre" and your enjoyment of people

In Memoriam

John Fasulo

"Death be not proud,
Though some have called thee
Mighty and dreadfull,
For thou art not so,
For those whom thou thinkst dost
 overthrow,
Die not, poor death, nor canst thou
 kill me."

John Donne
